SHOYU RAMEN 11

Shoyu was one of the first flavors of ramen with a distinct soy flavor. We pay homage to ramen's roots in this dish with a light *chintan* broth and homemade noodles, topped with pork *chashu*, *aji-tama* (soft-boiled egg), and *menma* (bamboo shoots).

MISO RAMEN 11

Our signature Miso ramen bowl features a blend of both red and white miso. This dish features our light *chintan* broth and homemade noodles, topped with pork *chashu*, *aji-tama* (soft-boiled egg), and fire-roasted corn.

Feeling spicy? Ask us to add our house-made chili-chili sauce for some extra heat!

YUZU SHIO RAMEN 11

Enjoy the light delightful flavor of yuzu, a Japanese citrus fruit, in our Yuzu Shio bowl. This dish includes our light *chintan* broth and homemade noodles and is topped with pork *chashu*, and *aji-tama* (soft-boiled egg).

VEGAN RAMEN 11

Our vegan broth is packed with tons of umami. This dish includes charred eggplant, roasted mushrooms, nori and scallions.
